# SAATH'S INSTITUTIONAL ANNUAL REPORT 2017-18

# ORGANISATION **OVERVIEW**

Saath Charitable Trust : Registered as a Public Trust in 1989, Saath started to implement the Integrated Community Development Programme, an approach that seeks to turn slums into vibrant neighbourhoods. It caters to the multiple needs of the poor through one-stop centres, enabling access for slum residents to basic services.

Saath Livelihood Services : Saath Livelihood Services (SLS), registered as a not-for-profit limited company in 2007 under Section 25 of the Companies' Act 1956, strives to improve the quality of life of vulnerable urban and rural population. SLS's vision is to enhance livelihood skills and promote social enterprises.

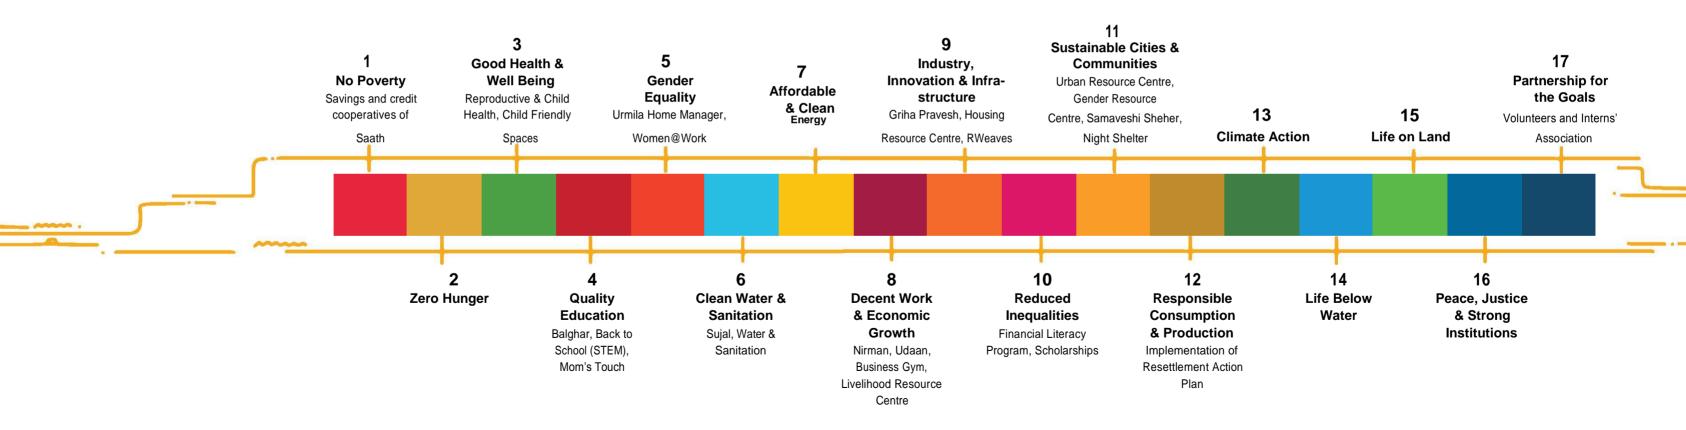

Saath Savings & Credit Cooperative Society Ltd. (SSCCSL) : Initiated in 1994. Saath started facilitating and providing services for savings in a community-based model, gradually expanding its services with small credits in 1999. In early 2000s it was given formal structure through the establishment of Community Based Organisations (CBOs). In 2010, all the CBOs came together to form SSCCSL. Saath Mahila Savings & Credit Cooperative Society Ltd. : Initiated in 1994, Saath started facilitating and providing services for savings in a community-based model, gradually expanding its services with small credits in 1999. In early 2000s it was given formal structure through the establishment of Community Based Organisations (CBOs). In 2010, all the CBOs came together to form SSCCSL.

The urban landscape in India is rapidly changing as the rate of urbanisation increases. Cities and towns of all sizes are witnessing the influx of migrants, who are providing the labour for infrastructure, manufacturing and service industries. Unfortunately, policies and plans leave less educated and unskilled migrants to their own devices to find housing. livelihoods, financial inclusion, education and health care. Slowly but surely, these migrants are becoming more vulnerable as they are being excluded from mainstream development processes. The ensuing inequity can harm, both migrants and the structure of societies in our cities. Consequently, Saath's programs are increasingly aligned towards mainstreaming migrants and vulnerable populations into the fabric of our cities. We have started Resource Centres in Ahmedabad, Jaipur. Varanasi. Raipur and Ranchi which facilitate housing documentation, financialinclusion, skillingandlivelihoodsformigrantandlocalvulnerablepeople. Skillsofmigrantswho work in the construction industry are enhanced through the Nirman and Women@Work programmes. The Child Friendly Spaces enable children of construction workers avail a decent pre-school education. The Beneficiary Led Construction component of the Pradhan Mantri Awas Yohana in which owners of houses in low-income neighbourhoods can upgrade their houses is not gaining enough traction. At Saath we are working with local governments, housing finance companies and communities to facilitate permissions and loans to ensure that people are able to build better houses without being dislocated. The Saath Urban and Rural Cooperatives are recovering from the shock of demonetisation and are facilitating financial inclusion of the most vulnerable populations. In 2019, Saath will complete its 30th year. We are consulting with the communities that we have worked with and our partners as to how we should celebrate this occasion.

# INTRODUCTION

With 29 years of engagement with vulnerable communities, the Saath team has gained in-depth knowledge about the underlying causes and problems associated with informal settlements pertaining to education, livelihood, housing, access to entitle-ments, and financial inclusion. We believe that since the problem of inadequate hous-ing, absence of basic services, tenure insecurity and forced evictions, poor health and nutritional levels, unemployment, and stark levels of inequality are ubiquitous across India, a holistic approach aimed at country-wide development is the need of the hour.

Saath is involved in participatory and grassroots-driven programs aimed at the improvement of living conditions of the urban poor, through sharing of experiences and the adoption of pro-poor policies and practices for slum upgrading and rural development.

# SUCCESS STORY

An ailing father, mentally challenged sister and underpaid mother, Saundarya, an undergraduate, has gone through tough phases at the age of 19. Amidst financial crisis, her mother's salary would go into treat-ment of her father and sister. It was suffocating for her to see her family struggling hard to make the ends meet. Successful completion of Retail Management course at Saath helped her secure a job of tele-caller through which she is able to manage the family's needs as well as fulfil her aspirations.

Rabiya Khatun has been living in slums of Jaipur with her husband and two school going children. The house they are living in is on unapproved land and the family has wanted to purchase their own small house. However, finding a budget house in a city like Jaipur is very difficult. They were assisted for issuance of necessary documents and housing loan to be able to move ahead in the process of house ownership. The Saath team that works for facili-tating affordable houses took them to visit a few housing sites. They selected and booked a house of their choice.

# FACILITATING ECONOMIC INDEPENDENCE

Facilitating community based financial services especially for the informal sector workforce that has minimal access to mainstream financial services. The two cooperative societies of Saath aim at financial inclusion of these communities through inculcating the habit of saving and extending microcredit support subsequently.

# **URBAN COOPERATIVE**

The Saath Savings & Credit Cooperative Society Ltd. (SSCCSL) has been working with the communities since 1994. Through the years it has evolved into a registered bank-like savings and credit schemes. The society and offers members are currently service at their doorstep. Area meetings, new membership, savings, and many provided more services are offered at the community location. Members are also encouraged to use through mandating loan disbursement instalment mainstream banking services and collection rules. It strives continuously to get closer to core banking through introducing technologies.

Members : 26.310 Loan receivers: 8062

Economic independence is still a farfetched reality for many women in India, especially in rural parts of the country. Despite their contribution to the economy and more importantly in strengthening the very foundation of the family, their inclusion and participation in financial matter-shave always been negligible owing to restrained social construct. The roots of Saath Mahila Savings and Credit Cooperative Society Ltd. lie in the work for child rights in which mothers were an important stakeholder. The cooperative was set up in 2011 to ensure continuous growth opportunities for women and hence families through financial inclusion. Objective of the cooperative is aimed at providing a platform for women to come together, share, learn, save and create long-term income-generating activities for themselves.

Members : 10,000+Total Savings : INR 1, 34, 55, 409 Loan disbursement : Rs 6, 35, 00, 000

Loan disbursed: Rs. 17,85,58,868

# **RURAL COOPERATIVE**

## VISION

To build a sustainable community-based institution to provide financial services to the socially marginalized and economically deprived sections of society, in order to eventually reduce poverty and bring prosperity.

## MISSION

To facilitate savings and affordable credit for vul-

nerable and lower income groups and move to-wards institutionalization for increased reach and accessibility.

## GOAL

To provide a range of financial services to the slum dwellers through financial literacy and business development interventions.

## **APPROACH TO THE WORK**

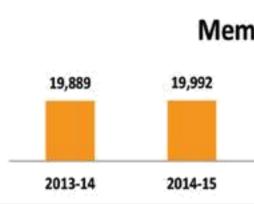

# MEMBERSHIP

### Demography

As of data gathered till 31st March 2018, Majority of Saath members are female and nearly third of it aged between 28 to 47 years. Nearly half of Saath members are educated up to primary level (1-7).

### Occupation

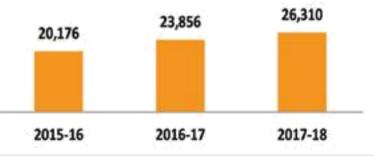

A big part of members are either daily wagers or self-employed. They are mainly plumbers, mechanics, house maids, technicians, vegetable vendors, riksha drivers, tailors etc.

# **Membership Growth**

## SAVING SCHEMES

**Compulsory Savings :** Mandatory monthly savings of Rs. 200 for creditors

**Child Plan :** Savings towards education expenses in multiples of Rs. 100

Fixed Deposits : Deposit option for 6 to 36 months starting with Rs. 3,000

**Recurring Deposits :** Savings of minimum Rs. 500 and multiple of 100 for period of 1 to 3 years

**Double Deposits :** Starts from Rs. 5,000 and gets doubled in 7 years

Monthly Income Scheme : Receiving monthly income upon long

# LOAN PRODUCTS

Loans disbursed either in Joint Liability Groups (JLGs) or Individually.

Asset Loan : Value addition and creation of assets

Individual Loan : To support and strengthen entrepreneurial ventures

**Consumption Loans :** For social and consumption expenses

Family Property Loans : A new loan model for housing development

#### National Automated Clearing House (NACH)

By NACH, the burden of collection has less from the members and field officers. After demonetization, the Organization started NACH with the goal of getting awareness about financial literacy and digitalization in the members. Members are required to deposit the loan installment amount every month in their bank account, then the amount of installment deducts from the bank through NACH. Till 31st March 2017, approximately 350 members pay the loan installments through the NACH.

#### Credit Records of the members

We are using Equifex to get credit history of the members who are applying for the loan. The loan has sanctioned according to their credit score.

#### Point Of Sell (POS) Machine

m

The organization has started using POS machine with the goal of making clients aware about the digitalaization. The member can pay loan install-ment by swiping ATM, Credit card with the POS machine at thier door step. Through this innovation, cash burden has been reduced from the field officers and members.

# SUCCESS STORY

#### Mohsin Haneef, Beharampura

Mohsin bhai, resident of Behrampura in Ahmedabad, is a self-made man. He has opened a mobile shop in the same area for which he has taken a loan from the man-dal in his community. Once taken loan is always difficult to repay and even the man-dals charged him huge interest rate, somehow he repaid all his loans and came back to his ordinary living.

He has a dream, a dream to live a respectable life for which he wants to expand his business and reach new heights. After getting the information and understanding the

outcome of Saath, he became the member and also received the loan to expand his business and aspire more. Today Moshinbhai is living much more improved life and he continues to deliver the service more passionately.

He says, "It is because of organizations like Saath that the poor people in the society still has the hope to dream big and one day they do get achieved too. I'm proud and able to live my life with more respect and comfort."

It was my first time working for an organisation this big, and I enjoyed working in a professional setting. The members were very nice and welcoming, they helped me ease the environment while into providing ample material for me to work on. I was enthralled when I got to know the extent of the impact of their activities, and the num-ber of people benefitting from it.
